

TABLE OF CONTENTS

Volume 45

PART I. THE REGULATORY FRAMEWORK

CHAPTER 1. OVERVIEW

A. INTRODUCTION

- Sec.**
1.1 Goal of environmental regulation
1.2 Overview of environmental laws
1.3 Sources of environmental regulation

B. FEDERAL—STATE—LOCAL INTERACTION

- 1.4 Federal laws
1.5 State laws
1.6 Local and municipal laws
1.7 Other issues

C. TEXAS ENVIRONMENTAL PROGRAMS

- 1.8 Pollution control
1.9 Environmental conservation
1.10 Chemical regulation

CHAPTER 2. TEXAS AGENCY STRUCTURE

A. INTRODUCTION

- 2.1 Introduction

B. FEDERAL AGENCIES

- 2.2 Environmental Protection Agency
2.3 Army Corps of Engineers
2.4 Fish & Wildlife Service
2.5 Forest Service
2.6 Council on Environmental Quality

C. STATE AGENCIES

- 2.7 Texas Commission on Environmental Quality
2.8 Texas Attorney General
2.9 Texas Parks and Wildlife Department

TABLE OF CONTENTS

Sec.	
2.10	Railroad Commission of Texas
2.11	Texas Water Development Board
2.12	Texas Department of Agriculture
2.13	General Land Office
2.14	Texas Department of Transportation
2.15	Coastal Coordination Council
2.16	Texas Historical Commission
2.17	Texas Department of Health
2.18	Counties, municipalities and other political subdivisions

CHAPTER 3. ADMINISTRATIVE PROCEDURES

A. THE TEXAS ADMINISTRATIVE PROCEDURE ACT

3.1	Introduction
3.2	Rulemaking
3.3	Contested cases
3.4	Agency actions other than rulemaking and contested cases
3.5	Judicial review

B. THE TEXAS OPEN MEETINGS ACT

3.6	General requirements of the Open Meetings Act
3.7	Notice of meetings
3.8	Meetings
3.9	Executive sessions
3.10	Enforcement, civil and criminal sanctions

C. THE TEXAS PUBLIC INFORMATION ACT

3.11	General requirements of the Public Information Act
3.12	Requests for records and related procedural matters
3.13	Enforcement, civil and criminal sanctions

D. OTHER ADMINISTRATIVE LAW ISSUES

3.14	Non-APA administrative procedures
3.15	Alternative dispute resolution
3.16	Res judicata
3.17	Lobbying before the agency and legislature

CHAPTER 4. ENVIRONMENTAL ENFORCEMENT

A. INTRODUCTION

4.1	Goals of enforcement
4.2	Federal-state relationship
4.3	Overview of the state's enforcement options

TABLE OF CONTENTS

B. ADMINISTRATIVE CIVIL ENFORCEMENT

Sec.	
4.4	Authority
4.5	Description of process
4.6	Supplemental environmental projects
4.7	Audit Privilege Act
4.8	Citizen collected evidence
4.9	Compliance history and ranking system
4.10	Role of public interest counsel

C. JUDICIAL CIVIL ENFORCEMENT

4.11	In general
4.12	Judicial enforcement remedies
4.13	Initiation of judicial enforcement action

D. CRIMINAL ENFORCEMENT OF ENVIRONMENTAL LAWS

4.14	Introduction
4.15	The intent element of environmental crimes
4.16	State statutory authority
4.17	Offenses under the Texas Penal Code
4.18	Defenses to violations
4.19	Use of federal statutes to prosecute environmental crimes
4.20	Criminal enforcement of city ordinances
4.21	Parallel proceedings
4.22	Environmental investigations

PART II. POLLUTION PROGRAMS

CHAPTER 5. AIR QUALITY

A. OVERVIEW

5.1	Federal Clean Air Act
5.2	Texas Clean Air Act
5.3	Related state statutes
5.4	Delegation of federal programs to the states

B. FEDERAL PROGRAM

5.5	Regulation of criteria pollutants
5.6	Regulation of hazardous air pollutants
5.7	Overview of other federal regulatory issues

C. TEXAS PROGRAMS

5.8	General overview
5.9	New source review permits
5.10	Federal operating permit program
5.11	Regulation of specific pollutants

TABLE OF CONTENTS

- Sec.**
5.12 Miscellaneous air issues

CHAPTER 6. WATER QUALITY

A. INTRODUCTION

- 6.1 Introduction

B. FEDERAL PROGRAM

- 6.2 History
6.3 Texas assumption of federal program under the Clean Water Act
6.4 Regulated activities
6.5 Federal oversight
6.6 Clean Water Act overview
6.7 Construction grants and state water pollution control revolving fund
6.8 TPDES program
6.9 Permitting process
6.10 Non-point source pollution
6.11 Wetlands
6.12 Enforcement

C. STATE PROGRAMS

- 6.13 Brief history
6.14 Regulated activities
6.15 State administration
6.16 Enforcement
6.17 Recent legislation of interest

CHAPTER 7. DRINKING WATER

- 7.1 Introduction and background
7.2 Federal and state programs

CHAPTER 8. OIL AND HAZARDOUS SUBSTANCE SPILL REPORTING AND RESPONSE

- 8.1 Introduction
8.2 Federal spill reporting requirements
8.3 Texas spill reporting requirements
8.4 Conclusion

CHAPTER 9. UNDERGROUND INJECTION CONTROL

A. OVERVIEW OF UNDERGROUND INJECTION CONTROL

- 9.1 Introduction to underground injection control (UIC)

TABLE OF CONTENTS

- Sec.**
9.2 Federal Safe Drinking Water Act (“SDWA”) and other federal UIC requirements
9.3 Texas Injection Well Act and other Texas UIC requirements
9.4 Texas UIC program authorization

B. FEDERAL UNDERGROUND INJECTION CONTROL

- 9.5 Safe Drinking Water Act (“SDWA”) provisions for UIC
9.6 EPA UIC regulations

C. TEXAS UNDERGROUND INJECTION CONTROL

- 9.7 Texas statutory requirements
9.8 TCEQ rules
9.9 RRC rules and regulations

CHAPTER 10. SOLID WASTE

A. INTRODUCTION

- 10.1 Introduction

B. FEDERAL LAW

- 10.2 Overview
10.3 Relationship to state program

C. STATE LAW

- 10.4 General provisions
10.5 Municipal solid waste
10.6 Industrial waste

CHAPTER 11. TEXAS SUPERFUND

- 11.1 Introduction
11.2 Overview of federal program
11.3 Overview of Texas program
11.4 Procedural steps at a state superfund site
11.5 Hazardous and solid waste remediation fee account
11.6 Persons responsible for solid waste
11.7 Enforcement
11.8 Appeals
11.9 Liability under state superfund
11.10 Cost recovery
11.11 Brownfields programs

CHAPTER 12. STORAGE TANKS

- 12.1 Introduction

TABLE OF CONTENTS

Sec.	
12.2	Texas program overview
12.3	Regulated USTs
12.4	Regulated ASTs
12.5	Exempt and excluded tanks
12.6	Registration, notification, certification and disclosure requirements
12.7	Lender liability and similar liability protections
12.8	Technical standards for new UST systems
12.9	Release reporting and remediation of storage tank contamination
12.10	Petroleum Storage Tank Remediation Account
12.11	Closure of UST systems
12.12	Financial assurance/responsibility
12.13	UST supervisor, contractor and remediation contractor licensing

CHAPTER 13. BROWNFIELDS AND TEXAS RISK REDUCTION PROGRAMS

A. IN GENERAL

13.1	Introduction to Brownfields programs
13.2	Federal Brownfields incentives/programs
13.3	Texas Brownfields site assessment grants
13.4	Tax incentives

B. VOLUNTARY CLEANUP PROGRAM

13.5	Introduction to Voluntary Cleanup Program (“VCP”)
13.6	Persons and properties eligible for VCP
13.7	VCP process
13.8	VCP cleanup standards
13.9	Certificate of completion
13.10	VCP miscellaneous provisions

C. INNOCENT OWNER/OPERATOR PROGRAM

13.11	Introduction to Innocent Owner/Operator Program (“IOP”)
13.12	IOP application process
13.13	Innocent owner/operator certificates

D. MUNICIPAL SETTING DESIGNATION

13.14	Purpose of municipal setting designation (“MSD”)
13.15	Eligibility for MSD
13.16	Application and approval process for MSD
13.17	Impact to groundwater protection and remediation

E. TEXAS RISK REDUCTION PROGRAM

13.18	Overview of Texas Risk Reduction Program (“TRRP”)
13.19	Affected property assessment
13.20	Response action

TABLE OF CONTENTS

Sec.

- 13.21 Closure
- 13.22 Post response action and response action re-openers
- 13.23 Notification requirements
- 13.24 Institutional controls

F. DRY CLEANER REMEDIATION PROGRAM

- 13.25 Overview of dry cleaner remediation program

PART III. OTHER ENVIRONMENTAL PROGRAMS

CHAPTER 14. WATER RIGHTS AND WATER DEVELOPMENT

A. INTRODUCTION

- 14.1 Introduction

B. STATE WATER LAW

- 14.2 Groundwater
- 14.3 Surface water
- 14.4 Obtaining a water right under current statutory procedures

C. WATER LAW INSTITUTIONS

- 14.5 International water and institutions
- 14.6 Interstate water and institutions
- 14.7 Federal waters and institutions
- 14.8 State government institutions

D. WATER DEVELOPMENT AND STATE ASSISTANCE

- 14.9 Texas Water Development Board
- 14.10 Planning and forecasting
- 14.11 Research and technical assistance
- 14.12 Financial assistance
- 14.13 Water banking
- 14.14 Introduction
- 14.15 Conservation vs. appropriation
- 14.16 Appropriation for environmental flows
- 14.17 Indirect reuse
- 14.18 Regulatory takings
- 14.19 Water marketing

CHAPTER 15. CONSERVATION AND LAND USE STATUTES

A. INTRODUCTION

- 15.1 Introduction

TABLE OF CONTENTS

B. COASTAL LAND USE RESTRICTIONS

- Sec.**
15.2 Texas coastal zone management program
15.3 Regulation of beaches and littoral property
15.4 State ownership of submerged lands

C. WATER RELATED PROGRAMS

- 15.5 Wetlands
15.6 State regulation of levees and flood control structures
15.7 Floodplain and watershed management
15.8 Groundwater

D. HISTORIC AND ARCHEOLOGICAL PRESERVATION

- 15.9 Texas Historical Commission
15.10 Texas Antiquities Code

E. PROTECTION OF PARKS AND WILDLIFE

- 15.11 Texas Parks & Wildlife Code
15.12 Restrictions on hunting & fishing
15.13 Endangered species

F. ACTIVITIES ON STATE-OWNED LANDS

- 15.14 Authority of the Texas General Land Office
15.15 Authority of other state agencies
15.16 Permits for removal of sand, gravel, or marl

G. LOCAL CONSERVATION AND LAND USE RESTRICTIONS

- 15.17 Zoning
15.18 Conservation servitudes

CHAPTER 16. OCCUPATIONAL HEALTH AND SAFETY, HAZARD COMMUNICATION, AND COMMUNITY RIGHT-TO-KNOW

- 16.1 Introduction
16.2 Occupational Health and Safety Act and the hazard communication standard
16.3 Community right-to-know
16.4 Texas Hazard Communication Act
16.5 Texas Agricultural Hazard Communication Act
16.6 Miscellaneous right-to-know provisions
16.7 Practical tips

CHAPTER 17. INDOOR AIR QUALITY

- 17.1 Introduction

TABLE OF CONTENTS

- Sec.**
17.2 Overview
17.3 Legal framework
17.4 Litigation issues over indoor air quality

Volume 46

PART IV. REGULATION OF SPECIFIC SUBSTANCES

CHAPTER 18. RADIOACTIVE MATERIALS AND WASTES AND RADIATION-PRODUCING DEVICES

- 18.1 Introduction
18.2 Overview of federal agency responsibilities
18.3 Overview of Texas agency responsibilities
18.4 Importance of federal law
18.5 Overview of other law that may apply
18.6 Radiation and radioactivity
18.7 Definitions of radiation and radioactivity; common sources; half-life concept
18.8 Radioactive materials that naturally occur in Texas
18.9 Types of radiation and their effects on humans
18.10 Dose measurement units; relative risks from various sources
18.11 Brief history of mankind's discovery of radioactivity and use of radioactive materials
18.12 The bomb
18.13 Peaceful uses
18.14 Federal laws
18.15 The Federal Atomic Energy Act
18.16 Classes of covered radioactive materials
18.17 The Federal Atomic Energy Act's basic regulatory approaches
18.18 The agreement state concept
18.19 The Federal Nuclear Waste Policy Act
18.20 Texas's interests and history of involvement in high-level waste issues; Yucca Mountain, Nevada, as the probable site location
18.21 The federal waste isolation pilot plant
18.22 Issues of federal preemption
18.23 Regulation under Texas statutes and rules
18.24 Functions of the Department of State Health Services
18.25 Functions of the Texas Commission on Environmental Quality
18.26 Functions of the Railroad Commission of Texas
18.27 Low-level radioactive waste: federal mandate for state responsibility
18.28 History of Texas approach
18.29 Current Texas approach
18.30 Issues regarding out-of-state wastes

CHAPTER 19. ASBESTOS

- 19.1 Introduction
19.2 Background
19.3 Federal regulatory definitions

TABLE OF CONTENTS

Sec.	
19.4	State regulatory definitions
19.5	Federal laws and regulations
19.6	Texas law
19.7	Liability and risk management considerations
19.8	Conclusion

CHAPTER 20. MEDICAL WASTE

A. STATE REGULATION OF MEDICAL WASTE

20.1	Overview
20.2	Generator duties
20.3	Transporter duties
20.4	Collection, storage, and transfer facilities
20.5	Collection stations
20.6	Storage and transfer facilities
20.7	Authorized treatment, destruction, and disposal technologies
20.8	Incineration
20.9	Steam disinfection or autoclaving
20.10	Other authorized treatment methods
20.11	Alternate treatment technologies
20.12	Services using mobile units
20.13	Administrative and civil enforcement
20.14	Criminal offenses and penalties

B. REGULATION OF HAZARDOUS AND RADIOACTIVE MEDICAL WASTE

20.15	Hazardous medical waste
20.16	Radioactive medical waste

CHAPTER 21. PCBS

A. INTRODUCTION

21.1	Introduction
------	--------------

B. PCB REGULATION UNDER FEDERAL LAW

21.2	Toxic Substances Control Act
21.3	Control of PCBs under TSCA
21.4	Federal PCB regulations under TSCA
21.5	Inspection authority
21.6	Resource Conservation and Recovery Act
21.7	PCB regulatory requirements under other federal environmental laws
21.8	Remedial authority
21.9	Preemption of state and local PCB regulations

C. PCB REGULATION UNDER TEXAS LAW

21.10	Overview of Texas PCB regulation
-------	----------------------------------

TABLE OF CONTENTS

Sec.

- 21.11 Industrial solid waste that contains PCBs
- 21.12 Oil and gas wastes that contain PCBs

CHAPTER 22. USED OIL REGULATION

A. OVERVIEW OF USED OIL REGULATION

- 22.1 Introduction to used oil regulation
- 22.2 Federal regulation of used oil
- 22.3 Texas regulation of used oil

B. FEDERAL REGULATION OF USED OIL

- 22.4 Federal Used Oil Recycling Act of 1980
- 22.5 Listing of used oil as hazardous waste by EPA
- 22.6 EPA management standards for used oil

C. TEXAS REGULATION OF USED OIL

- 22.7 Application of Texas Used Oil Act
- 22.8 Retailers must display signs about improper disposal
- 22.9 Financial assurance for soil remediation
- 22.10 Standards for used oil generators
- 22.11 Standards for used oil collection centers and aggregation points
- 22.12 Standards for transporters of used oil and transfer facilities
- 22.13 Standards for used oil processors and re-refiners
- 22.14 Regulation of halogen content in used oil being reprocessed
- 22.15 Standards for burners of off-specification used oil for energy recovery
- 22.16 Standards for used oil fuel marketers
- 22.17 Standards for used oil fuel containing PCBs
- 22.18 Standards for disposal of used oil
- 22.19 Corrective measures for spills of used oil
- 22.20 Suspension or revocation of used oil registration
- 22.21 Penalties for violations of the Texas Health & Safety Code
- 22.22 Used oil recycling account

D. TEXAS REGULATION OF USED OIL FILTERS

- 22.23 Authority of TCEQ to regulate used oil filters
- 22.24 General requirements for used oil filters
- 22.25 Registration and reporting
- 22.26 Shipment records
- 22.27 Storage of used oil filters
- 22.28 Used oil filter spill prevention and control

PART V. REGULATION OF SPECIFIC ACTIVITIES

CHAPTER 23. BORDER ISSUES

A. INTRODUCTION

- 23.1 In general

TABLE OF CONTENTS

B. DOMESTIC REGULATION OF THE BORDER ENVIRONMENT

Sec.

23.2 Applications and interpretation

C. U.S.–MEXICO REGULATION OF THE BORDER ENVIRONMENT

23.3 Introduction

23.4 International agreements and institutions

23.5 Resolution of disputes concerning the international agreements

23.6 State and local transboundary cooperation

D. SPECIFIC BORDER ISSUES

23.7 Water allocation

23.8 Water quality and wastewater treatment

23.9 Groundwater

23.10 Municipal solid waste

23.11 Hazardous substances and hazardous waste

23.12 Air quality

23.13 Protected areas

23.14 Transboundary harm and environmental assessment

23.15 Conclusion

CHAPTER 24. AGRICULTURE

24.1 Introduction

24.2 Water quality issues

24.3 Water rights and water supply

24.4 Air quality issues

24.5 Solid waste concerns

24.6 Agricultural chemicals and pesticides

24.7 Land use restrictions

24.8 Nuisance, private actions, and the right to farm

24.9 Transactions involving real property

24.10 Practical advice

CHAPTER 25. OIL & GAS

25.1 Introduction

25.2 Jurisdiction of the RRC

25.3 Abandoned wells

25.4 Water protection

25.5 Underground injection control

25.6 Well bore integrity requirements

25.7 Other pertinent RRC regulations

25.8 Oil and gas hazardous wastes

25.9 Naturally occurring radioactive materials—16 TAC chapter four,
subchapter f

25.10 Oilfield cleanup

25.11 The Oilfield Cleanup Fund

25.12 The RRC's oilfield recycling program

TABLE OF CONTENTS

Sec.

- 25.13 RRC enforcement
- 25.14 The Oil Spill Prevention and Response Act

CHAPTER 26. MINING

A. INTRODUCTION

- 26.1 Introduction

B. SURFACE COAL MINING

- 26.2 Texas Surface Coal Mining and Reclamation Act
- 26.3 Railroad Commission of Texas
- 26.4 Rules
- 26.5 Permits for surface coal mining
- 26.6 Inspection
- 26.7 Enforcement

C. SURFACE IRON MINING

- 26.8 Surface iron mining

D. SURFACE URANIUM MINING

- 26.9 Surface uranium mining
- 26.10 Radioactive materials handling licenses

E. INJECTION WELLS AND MINING

- 26.11 Introduction and regulatory program
- 26.12 Solution mining wastes

F. AGGREGATE QUARRY AND PIT SAFETY

- 26.13 Background and regulatory program
- 26.14 Violations
- 26.15 Civil penalties

G. MARL, SAND, GRAVEL, SHALE, AND MUDSHALE

- 26.16 In general
- 26.17 Issuance of marl, sand, and gravel permits
- 26.18 Price

H. COMPETING MINERAL ESTATES: CONFLICTS BETWEEN SURFACE MINING AND OIL & GAS OPERATIONS

- 26.19 Surface mining in Texas
- 26.20 Title conflicts

TABLE OF CONTENTS

Sec.

- 26.21 Operational conflicts
- 26.22 Solutions for operational conflicts

I. OVERVIEW OF OTHER ENVIRONMENTAL REGULATORY SCHEMES AFFECTING MINING

- 26.23 Solid and hazardous waste regulation
- 26.24 Surface water and groundwater
- 26.25 Air quality
- 26.26 Spills
- 26.27 Endangered Species Act
- 26.28 Cemetery relocations
- 26.29 Road relocations

CHAPTER 27. RECYCLING

A. INTRODUCTION

- 27.1 Introduction

B. RECYCLING OF INDUSTRIAL AND HAZARDOUS WASTE

- 27.2 Recycling
- 27.3 Resource Conservation and Recovery Act
- 27.4 Recycling under Texas law
- 27.5 A new vision for RCRA

C. MUNICIPAL WASTE

- 27.6 Overview
- 27.7 The Texas Solid Waste Disposal Act
- 27.8 The Texas Comprehensive Municipal Solid Waste Management Resource Recovery, and Conservation Act
- 27.9 The Solid Waste Resource Recovery Financing Act
- 27.10 The Development Corporation Act
- 27.11 Texas Used Oil Collection Management, and Recycling Act
- 27.12 Government recycling and minimum content
- 27.13 Labeling laws
- 27.14 Consumer awareness

PART VI. PRIVATE CAUSES OF ACTION

CHAPTER 28. TORTS

A. INTRODUCTION

- 28.1 Introduction

B. PROCEDURAL ISSUES

- 28.2 Overview

TABLE OF CONTENTS

Sec.	
28.3	Multi-party litigation
28.4	Case management/scheduling orders
28.5	Multi-district litigation

C. CLAIMS

28.6	Types of claims
28.7	Property damage claims
28.8	Defenses in property damage claims
28.9	Personal injury claims
28.10	Defenses in personal injury cases
28.11	Experts
28.12	Settlements
28.13	Additional tort reform considerations

CHAPTER 29. INVERSE CONDEMNATION

29.1	Eminent domain
29.2	Compensation
29.3	Condemnation
29.4	Inverse condemnation
29.5	Elements of an inverse condemnation action
29.6	What constitutes a taking?
29.7	Physical takings
29.8	Regulatory takings
29.9	Legitimate state interest
29.10	Deprivation of all economically beneficial use
29.11	Deprivation of less than all economically beneficial use
29.12	Exactions
29.13	Temporary taking
29.14	Private Real Property Rights Preservation Act

CHAPTER 30. CITIZEN SUITS AND PUBLIC PARTICIPATION

A. INTRODUCTION

30.1	Introduction
------	--------------

B. CITIZEN ENFORCEMENT OF TEXAS ENVIRONMENTAL LAWS

30.2	State court
30.3	Federal court

C. PUBLIC PARTICIPATION IN PERMIT ISSUANCE

30.4	Public comment on proposed permits
30.5	Participation in a contested case hearing
30.6	Judicial review of state permits

TABLE OF CONTENTS

D. PARTICIPATION IN RULEMAKING

- Sec.**
30.7 Participation in the rulemaking process
30.8 Judicial review of a state regulation

PART VII. PRACTICAL APPLICATIONS

CHAPTER 31. ENVIRONMENTAL MANAGEMENT SYSTEMS

A. INTRODUCTION

- 31.1 Introduction

B. ENVIRONMENTAL MANAGEMENT SYSTEMS

- 31.2 Established Environmental Management Systems

C. TCEQ'S ENVIRONMENTAL MANAGEMENT SYSTEM

- 31.3 In general
31.4 Texas EMS: written policy
31.5 Texas EMS: continuous improvement
31.6 Texas EMS: identifying and prioritizing environmental aspects
31.7 Texas EMS: regulatory incentives

D. CONCLUSION

- 31.8 Conclusion

CHAPTER 32. ENVIRONMENTAL ASPECTS OF BUSINESS TRANSACTIONS

A. INTRODUCTION

- 32.1 Introduction

B. ENVIRONMENTAL PROGRAMS

- 32.2 Environmental programs

C. TYPES OF BUSINESS TRANSACTIONS CREATING POTENTIAL LIABILITY

- 32.3 Real estate transactions
32.4 Corporate liabilities
32.5 Lease agreements
32.6 Property management contracts
32.7 Loans
32.8 Accepting position as trustee

D. ADDRESSING ENVIRONMENTAL CONCERNS IN BUSINESS TRANSACTIONS

- 32.9 Environmental due diligence

TABLE OF CONTENTS

Sec.

- 32.10 Internal revenue service considerations
- 32.11 Structuring the transaction
- 32.12 Contract provisions

E. PERMIT TRANSFERS

- 32.13 Overview
- 32.14 Types of transactions that give rise to the obligation to transfer permits
- 32.15 Special issues in permit transfers
- 32.16 Texas requirements

F. CONCLUSION

- 32.17 Conclusion

CHAPTER 33. INSURANCE

A. INTRODUCTION

- 33.1 Introduction

B. COMPREHENSIVE GENERAL LIABILITY POLICIES

- 33.2 Overview
- 33.3 Occurrence requirement
- 33.4 Trigger of coverage
- 33.5 Duty to defend
- 33.6 Duty to pay
- 33.7 Allocation of risks
- 33.8 Cleanup costs “as damages”
- 33.9 Owned- or leased-property exclusion
- 33.10 “Sudden and accidental” pollution exclusion
- 33.11 So-called “absolute” pollution exclusion
- 33.12 “Personal injury” coverage
- 33.13 Policy conditions

C. “MODERN” TYPES OF ENVIRONMENTAL INSURANCE PRODUCTS

- 33.14 In general
- 33.15 EIL—Treatment in the courts/coverage considerations

CHAPTER 34. ETHICAL CONSIDERATIONS

- 34.1 Introduction
- 34.2 Disclosures and client confidences
- 34.3 Conflicts of interest
- 34.4 Limits of zealous advocacy

TABLE OF CONTENTS

Sec.		Page
34.5	Public sector ethical issues	
34.6	Ethical standards and professional liabilities	
Table of Statutes		671
Table of Rules and Regulations		751
Table of Cases		769
Index		803
